

Legacy of the Heart

D

ear One, Hear Me now:

I AM most pleased with this accomplishment: My Holy Book for all the ages. Yes, it is, in truth the Divine Manual for the Ascension of Humanity from lowly will-creatures of time and space to the Supreme Spirit Residents of Eternity.

This Divine Revelation of the True Nature of God is the most fortunate Revelation ever given. It is, indeed, the Legacy of the Heart, which has found a way to be enthroned in the lives and conduct of My Blessed Ones of Earth and Heaven. My Testament of Divine Love will flow out as a Grace to nourish all My Beloved Children everywhere.

It is, in truth, the Revelation of the Supreme Viewpoint of Spirit, which has found a way to reach the minds and hearts of My Dear Ones on Earth. I AM happy to administer this Divine Perspective through My Holy Spirit, which indwells* each heart and works within the mind of each one of My Blessed Children and is even now formulating the basis of the New Dispensation, the Divine Ordering of worldly affairs, which shall result in the Divining* of Humanity.

I AM so happy you have taken the time to read and understand My Cosmic Viewpoint in these matters concerning Spirit and the Attributes you may attain. I will be here with you to guide you ever onward along the Path of Divinity which leads to the Heavenly Reward of Eternal Life in My Kingdom of Glory.

Bring your willingness, which is the key to expanding your mind, to the gates of consciousness which may be opened by your determination to explore the perceptions of Universal Cosmic Consciousness. By embracing these Godly concepts, you will realize your Divinity as you align with Spirit, thus ennobling your character with the traits of chastity: which are moral excellence, purity in thought, and goodness.

Honoring these Virtues will allow the emergence of the Immaculate Concept, which is, by Grace, being bestowed upon you even now.

My Darling One, venture to the limits of mortal consciousness and enter into the Realm of the Godly, for here you do belong, My Beloved.

O people of Earth, you have within your grasp the ability to create a Paradise which shall benefit all Humanity. Now is the time to create this Splendid Garden. Please understand that My Will is for Earth to be healed and whole and for everyone on Earth to experience the Joys of True Prosperity in Spirit and in material wealth. I AM here to render this service. Do take the time to bring this world into harmony and nature into balance once more. For when you do, you shall see the Wonders of this Garden Planet flourish and grow in Beauty, befitting a Royal Estate in the Kingdom of God. Truly, this Paradise shall be known throughout the vast universes as the Crown of Creation in the Eternal Ages to follow. So do your part, and Honor the Treasure I have given you.

Persevere, My Darling* Hearts, and know in time you will become more than you have ever dreamed.

You will become the Guiding Lights that minister to a Universe of diverse citizens who live on planets not unlike your own. You will have an extraordinary influence on the founding of My Divine Kingdom in the far distant reaches of space in the Eternal Ages to follow.

Please be kind as you go about your many duties these days, for there is so much to be apprised* of, and you may find many blessed joys by contemplating your Lord Jesus. He is a beautiful Spirit who was born so long ago on this precious world He loves so dearly. It was a time when many sought to be comforted by a Messiah, and the need was great, for there was much strife and suffering amongst the people. His fortunate birth and dear life did bring solace to so many of My Blessed Ones.

It is true, Jesus was more than He seemed to be. He was My Child whom I sent to this beloved world because humanity needed a Savior so desperately. He came forth from Paradise to be born as a man to the people for whom He could fashion a new code of morals and ethics, which would be called by His Name, Christianity. It is now time to bring the next code of ethics and a New Morality to the people of this day, who are gathered on the Earth at this crucial time in history.

It is true, Jesus was My Only Begotten Son, for One of My most esteemed Creator accomplishments is that throughout all the Eternal Ages there are no two beings exactly alike. Be they Humans, Angels, or Celestial Spirits, each and every one of you, My Dear Children, is created as an only begotten, one-of-a-kind personality, uniquely conceived to express the Ideal Nature of a Divine Deity.

Jesus is a Paradise Creator Son who represents Me in His Heavenly Kingdom, the Nebadon* Universe, which is home to ten thousand galaxies. He is truly the King of Kings, and His Presence will forever be felt amongst peoples of the Earth. Yes, fortunate indeed are We to know such a Splendid Soul. Now is a time for remembering the Blessed Values that Lord Jesus lived. It would be very wise for all people to live their lives in the manner He set forth as a living example to follow. Truly, Heaven on Earth will be realized when each one chooses to be Christ-like.

Lord Jesus has something He would like to add...
